## Nagahama City Mail Delivery Service Information for foreigners

### What kind of service is it?

It is a service to promptly convey information to foreigners living in Nagahama city. Currently we are delivering by e-mails in Portuguese, Spanish and English.

### Why register?

Emergency information such as earthquake, typhoon, heavy rain etc. will be sent when registering for Nagahama City Mail Delivery Service information for foreigners. By knowing such information as quickly as possible, you can minimize the damage and protect yourselves from disasters. Also, monthly living information (recruitment of municipal housing, application for Japanese classes, holding of events etc.) will be sent.

### Totally free? All models corresponding?

Registration of the mail address is free, but the user is responsible for the communication charges for sending and receiving e-mails, registering for use, changing, and replying to cancellations.

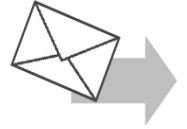

You can register if you have a model that can connect to the Internet and a mobile phone with an email account. \*

\* When registering to each domain block service, please make sure to be able to receive mails from [city.nagahama.lg.jp], [nagahama@city.nagahama.lg.jp] and messages with URL.
